防摔

- IP 65 Grade Water Resistance
- Dust Free
- Drop Resistance

A close-up photograph of a tool handle, likely a screwdriver, featuring a green and yellow color scheme. The handle has a textured, ribbed surface designed for grip. The text "Soft Touch Surface Finishing" is overlaid in the center in a light green font. The background is dark and out of focus, showing another part of the tool with a red detail.

Soft Touch Surface Finishing

10000mAh Capacity

Longer Life in Outdoor condition

4X 2500 mAh Battery Cell

Adjustable Lighting Brightness

350lm 22-180h

Variable Four Modes:

- Low lighting
- Strong Lighting
- Middle Lighting
- Sparking Lighting

照明模式	流明	照明时间	照明距离
普光	150lm	70 小时	15m 
强光	350lm	22 小时	20m 
弱光	25lm	180 小时	5m 
爆闪			

16pcs LED High-light Cell

Color Temperature=7500k

Better lighting effective and soft feeling

Electrical Design Safty Protection

-Over charging / Cell protection / Over Discharging protection / Short Circuit protection / Over-heat Protection / Over-Circuit protection

Intelligent Current Detection

Auto adjustment of output current for different electrical device i.e. Mobile-phone and Pad.

Parameter

Model : C1

Capacity : 10000mAh

Output Capacity : 6680mAh

Input : DC5V 1.5A

Output : DC5V 2A

Charging time : 9 hours

Battery Cell : 18650 Lion Cell*4

Material : PC/ABS (body) + PP (Light cover)

Transfer effect : 92%

LED cell : 16pcs (5730 LED灯0.25W)

Lumin : 25~350 Lumin

Lighting Tiem : 22~180 Hours

Model : Low , Middle , High , Sparking

Water Resistance grade : IP65

Weight : about 320g

Dim : ϕ 70*108mm

Acc : Micro USB charging wire (1m), Instruction

Certificate : CE, FCC, ROHS, MSDS, UN38.3, SGS-EMC
